

March 16, 2020

Dear Acorn customer,

Thank you for your business and support during this challenging time. For the last several weeks, Acorn has been and is continuing to increase our inventory levels. Our suppliers have increased capacity and are doing their best to ship product to Acorn as quickly as possible. Despite these preparations, no one could have predicted where we are today.

As we receive deliveries from our suppliers, we will fill your orders and get product delivered as quickly as possible.

Regarding Coronavirus related products such as sanitizer, wipes, standard toilet tissue, paper bags, gloves and disinfectants, we are not accepting any new business or selling these items to any customer that has not purchased them before. Our goal is to take care of our existing business the best we can.

Our team is working diligently; however, this is a fluid situation and is changing constantly. Additional products will likely be affected as we move forward.

The safety of all our employees is number one. Please be patient and we will communicate changes as we learn more.

Thank you for your continued business and support.

Be safe!
